“Would you rather...?” questions

For this assignment, you just need a piece of notebook paper, a pencil, and ideas about how you would like to live? I want you to choose 5 of these questions to answer in complete sentences. ***You could also ask someone in your home these questions and see what they would say as well.** Write your answers in complete sentences like the following example. Have some fun with this and send me your answers if you can!

Example:
