

Curriculum Development

The following guidelines have been established for curriculum development:

1. The superintendent will be the instructional leader in developing curriculum;
2. Building administrators will be responsible for all phases of curriculum development within their buildings;
3. Teachers shall participate in curriculum development as a regular part of their teaching responsibilities;
4. Students and lay people may be used in an advisory capacity within the process;
5. The Board will have final approval of curriculum and will provide the resources necessary to implement;
6. The curriculum shall contain all courses required by the state;
7. The district will follow state guidelines in its planned K-12 instructional program, including Essential Learning Skills and career-related learning standards, as contained in the Common Curriculum Goals and academic content standards; and
8. There will be an established curriculum revision cycle.
