Orig. Code(s): JNA

## Tuitioning of Students

The district may reimburse students for tuition paid to another public education institution, either community college or secondary school. Should the cost of tuition to the "other" institution exceed the limit allowed by the Board, the tuitioned student or his/her parent will be required to augment the cost. In all cases, State School Fund moneys allocated for the support of the student shall remain with the District.

Payment of tuition to other public education institutions is subject to consideration of, but not limited to, the following: availability of district programs, availability of district funding and other extenuating circumstances.
