

**Banks School District
Student Services Office**

August 26, 2021

Dear Parent/Guardian of Students in Special Education:

Due to the COVID-19 pandemic and in compliance with Oregon Administrative Rule 581-015-2228, Individualized COVID-19 Recovery Services will be considered at each annual IEP meeting through school year 22-23. Recovery Services are provided to students who made little to no progress on their IEP goals during Comprehensive Distance Learning. Recovery Services will most often be offered in the summer between school years. Families of students who qualify for Recovery Services will receive information about dates, times, etc., in the spring.

As always, if you would like an IEP meeting before the annually scheduled date, reach out to your child's case manager at the school. If you have additional questions, you may also contact the Student Services Administrator by calling 503-324-5151

Sincerely,

Darla Waite-Larkin
Director of Student Services
