

Banks School District No. 13

Code: EFA

Adopted: 9/21/98; 7/10/00;

11/5/07; 5/14/12;

12/14/15; 5/8/17; 7/10/17,

1/9/23, 11/13/23

Local Wellness

The district is committed to the optimal development of every student and believes that a positive, safe and health-promoting learning environment is necessary for students to have the opportunity to achieve personal, academic, developmental and social success.

To help ensure students possess the knowledge and skills necessary to make healthy choices for a lifetime, the superintendent shall prepare and implement a comprehensive district nutrition program consistent with state and federal requirements for districts sponsoring the National School Lunch Program (NSLP) and/or the School Breakfast Program (SBP). The program shall reflect the Board's commitment to providing adequate time for instruction that fosters healthy eating through nutrition education and promotion, serving healthy and appealing foods at district schools, developing food-use guidelines for staff and establishing liaisons with nutrition service providers, as appropriate.

{1} The district superintendent or designee shall establish a Wellness Advisory Committee to advise the district in the development, review and update of the local wellness policy.

POLICY IMPLEMENTATION, MONITORING, ACCOUNTABILITY AND COMMUNITY ENGAGEMENT

Implementation

The district shall manage and coordinate the implementation of this local wellness policy.

Implementation will consist of, but not be limited to, the following:

1. Delineating roles, responsibilities, actions and timelines specific to each school;
2. Generating and disseminating information about who will be responsible to make what change, by
3. Establishing standards for all foods and beverages provided (but not sold) to students during the school day on participating school campuses;
4. Establishing standards and nutrition guidelines for all foods and beverages sold to students during the school day on participating school campuses that meet state and federal nutrition standards for NSLP and SBP, competitive foods, permit marketing of same that meets the competitive food nutrition standards, and promotes student health and reduces child obesity; and

5. Establishing specific goals for nutrition promotion and education, physical activity, physical education and other school-based activities that promote student wellness.

Record Keeping

The district will retain the following records to document compliance with the local wellness policy requirements at the district's administrative offices:

1. The written local wellness policy;
2. Documentation to demonstrate the policy has been made available to the public;
3. Documentation of efforts to review and update the local wellness policy, including an indication of who participates in the update and the methods the district uses to make stakeholders aware of their ability to participate;
4. Documentation to demonstrate compliance with the annual public notification requirements;
5. Documentation of the district's most recent assessment on the implementation of the local wellness policy;
6. Documentation to demonstrate the most recent assessment on the implementation of the local wellness policy has been made available to the public.

Notification of Policy

The district will inform the public about the content and implementation of the local wellness policy, and post the policy and any updates to the policy on the district website annually. Included will be, if available, the most recent assessment of the implementation, and a description of the progress being made in attaining the goals of the policy.

The district will publicize the name and contact information of the district or school official(s) leading and coordinating the policy and information on how the public can get involved with the local wellness policy. This information will be published on the district's website and in district communications.

Triennial Progress Assessments

At least once every three years, the district will evaluate the implementation of this policy and its progress with a triennial assessment and produce a progress report that will include:

1. The extent to which schools under the jurisdiction of the district are in compliance with the policy;
2. The extent to which the district's policy compares to model local school wellness policy; and
3. A description of the progress made in attaining the goals of the district's policy.

The district will publish the triennial progress report on the district website when available. The district will update or modify the policy based on results of the triennial assessment.

Community Involvement, Outreach and Communications

The district will actively communicate ways in which the community can participate in the development, implementation and periodic review and update of the local wellness policy. through a variety of means appropriate for the district. The district will also ensure that communications are culturally and linguistically appropriate to the community, and accomplished through means similar to other ways that the district and individual schools are communicating important school information with parents.

Parents, students, representatives of the school food authority, teachers of physical education, school health professionals, the Board, school administrators, and the general public will be solicited to participate in the

Wellness Advisory Committee^{1}

The district supports a wellness advisory committee to assist the development, implementation, and periodic review and update of the local wellness policy. The superintendent or designee will be a member of this committee.

The district will publicize information about the wellness advisory committee [in community news, in communications to parents, and/or on websites operated by the district] to communicate to parents, students and the community at large to explain the committee's purpose, process and an invitation to volunteer.

1. The wellness advisory committee membership will include, to the extent possible, but not be limited to:
 - a. Parents, caregivers and students;
 - b. Representatives of the school nutrition program (e.g., school nutrition director);
 - c. Physical education and/or health education teachers;
 - d. School health professionals (e.g., school nurses, physicians, dentists, health educators and other allied health personnel who provide school health services);
 - e. Mental health and social services staff (e.g., school counselors, psychologists, social workers, or psychiatrists);
 - f. School administrators (e.g., superintendent, assistant superintendent, principal, vice principal);
 - g. Board members;
 - h. Supplemental Nutrition Assistance Program (SNAP) education coordinators;

¹ {A Wellness Advisory Committee is not required. If the district chooses to have a committee, the district should amend the language here to establish the membership and responsibilities of the committee. [School Wellness Committee Toolkit](#) published by the Alliance for a Healthier Generation}

- i. Healthcare professionals and/or other health related professionals (e.g., dietitians, doctors, nurses, dentists); and
 - j. Members of the general public.
2. The committee, appointed by the superintendent or designee, will meet to organize and vote on a committee chair and a secretary prior to or at the beginning of the school year. The chair and secretary will serve for one year minimum and may be reappointed.
3. The wellness advisory committee will meet four times per year to review the local wellness policy.
4. The committee will facilitate the development, review and update of the wellness policy, and evaluate each participating school's compliance with the policy.

The district will create building-level committees to establish school-specific goals and activities that implement this policy. A school coordinator will be designated to support compliance with this policy.

NUTRITION PROMOTION AND NUTRITION EDUCATION

Nutrition promotion and nutrition education positively influence lifelong eating behaviors by using evidence-based strategies and techniques and nutrition messages and by creating food environments that support healthy nutrition choices.

To ensure adequate nutrition promotion, the following goals will be implemented:

1. Information about available meal programs is distributed prior to or at the beginning of the school year and at other times throughout the school year;
7. Information about availability and location of a Summer Food Service Program (SFSP) is distributed;
8. Nutrition promotion materials are sent home with students, published on the district website, and distributed at parent-teacher conferences;
9. Families are invited to attend exhibitions of student nutrition projects or health fairs;
10. Physical activity is a planned part of all school-community events.

School Meals

Schools within the district participate in U.S. Department of Agriculture (USDA) child nutrition program(s), administered through the Oregon Department of Education (ODE) which may include the NSLP, the SBP, Fresh Fruit & Vegetable Program (FFVP), After School Snack Program (ASSP), Special Milk Program (SMP), Summer Food Service Program (SFSP), Supper programs or others. The district also operates additional nutrition-related programs and may include activities including Farm-to-School programs, school gardens, Breakfast in the Classroom, Mobile Breakfast carts or Grab 'n' Go Breakfast.

The district's available meal program(s) will operate to meet meal pattern requirements and dietary specifications in accordance with the Healthy, Hunger-Free Kids Act and applicable federal laws and regulations.

The principal(s) will support nutrition and food services operations as addressed in Board policy EFAA – District Nutrition and Food Services and its accompanying administrative regulation EFAA-AR – Reimbursable Meals and Milk Programs.

Water

Free, safe, unflavored, drinking water will be available to all students throughout the school day and throughout every school campus. The district will make drinking water available where school meals are served during mealtimes.

Competitive Foods and Beverages

The district controls the sale of all competitive foods. All foods and beverages outside the reimbursable school meal programs that are **sold** to students on the school campus during the school day will meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, à la carte options in cafeterias, vending machines, school stores and snack or food carts and fundraising.

Celebrations and Rewards/Incentives

All foods and beverages offered on the school campus [will meet or exceed] [are encouraged to meet] the nutrition standards set by the USDA and the Oregon Smart Snacks Standards. This includes, but is not limited to, celebrations, parties, and classroom snacks brought by parents. Food will not be used as a reward or incentive. This information will be conveyed to staff and parents.

Fund Raising

Foods and beverages that meet or exceed the nutrition standards set by the USDA and the Oregon Smart Snacks Standards may be sold through fundraisers on the school campus during the school day. Such requests to conduct a fundraiser will be submitted to the principal for approval before starting.

Food and Beverage Marketing in Schools

Any foods and beverages marketed or promoted to students on the school campus during the school day will meet or exceed the nutrition standards for competitive foods set by the USDA.

The district (i.e school nutrition services, athletics department, PTA, PTO) will review existing contracts, new contracts and equipment, and product purchase or replacement to reflect the applicable food and beverage marketing guidelines.

PHYSICAL ACTIVITY AND PHYSICAL EDUCATION

A quality physical education program is an essential component for all students to learn about and participate in physical activity. The district will develop and assess student performance standards and program minute requirements in order to meet ODE's physical education content standards and state law.

Physical activity should be included in the school's daily education program for grades [pre-]K through 12 and include regular, instructional physical education, as well as co-curricular activities and recess.

In order to ensure students are afforded the opportunity to engage in physical education and physical activity in the school setting, the following goals are established:

1. Physical education will be a course of study that focuses on students' physical literacy and development of motor skills;
2. Staff encourages and provides support for parental involvement in their children's physical education;
3. Physical education courses will be the environment where students learn, practice and are assessed on developmentally appropriate knowledge, skills and confidence to become physically literate;
4. Instruction, provided by adequately prepared teachers, i.e., licensed or endorsed to teach physical education, will meet the state adopted academic content standards for physical education (Oregon Revised Statute (ORS) 329.045). Teachers of physical education shall regularly participate in professional development activities annually;
5. Every public school student in [pre-]kindergarten through grade 8 shall participate in physical education for the entire school year. Students in kindergarten through grade **[5] [6]** shall participate for a least 150 minutes during each school week, and students in grades **[6] [7]** through 8 for at least an average of 150 minutes during each school week, as calculated over the duration of a school year;
6. Physical activity will be integrated across curricula and throughout the school day. Movement will be made a part of all classes or courses as part of a well-rounded education;
7. Physical activity during the school day (including, but not limited to, recess, classroom physical activity breaks or physical education) will not be used as a punishment or a reward;
8. At least 50 percent of the weekly physical education class time in grades K through 8 shall be devoted to actual physical activity;
9. Physical activity is a planned part of all school-community events;
10. Materials promoting physical activity are sent home with students and published on the district website.

A student with a disability shall have suitably adapted physical education incorporated as part of their individualized education program (IEP) developed under ORS 343.151. A student who does not have an IEP but has chronic health problems, other disabling conditions or other special needs that preclude them from participating in regular physical education instruction, shall have suitably adapted physical education incorporated as part of their individualized health plan, developed by the district.]

Other Activities that Promote Student Wellness

The district will integrate wellness activities throughout the entire school environment (districtwide). The district will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicated and work toward the same set of goals promoting student well-being, optimal development and strong educational outcomes.

The district will provide the following activities and encourage the following practices which promote local wellness:

1. Scoliosis screenings;
2. Safe Routes to Schools Program;
3. Physically active family and community engagement activities for families to learn about healthy eating or to practice being active together (e.g., skate night, fun run, dance night);
4. Nonfood-related fund raisers;
5. Physical activity energizers during transitions from one subject to another;
6. Intramural sports;
7. Monthly/Weekly school walks;
8. Assemblies which focus on wellness issues such as the importance of breakfast, healthy beverages, and how students and staff can incorporate 60 minutes of physical activity into their day;
9. Use of alternates to food as rewards in the classroom;
10. Creation of connections between out-of-school time (OST) programs that involve staff members from OST programs, both school- and community-based, in school initiatives that address healthy eating, such as school wellness teams or wellness committees;
11. Integration of social, emotional and mental health supports into school programs (e.g., promote a positive school climate where respect is encouraged and students can seek help from trusted adults);
12. Communication between classroom teachers and nutrition staff, so that menus and nutrition promotion can be tied into classroom learning and coursework;
13. Include wellness as a standing agenda item for school-based meetings (e.g., staff meetings, site council meetings, PTO).

Employee Wellness

The district encourages staff to pursue a healthy lifestyle that contributes to their improved health status, improved morale and a greater personal commitment to the school's overall wellness program. Many

actions and conditions that affect the health of staff may also influence the health and learning of students. The physical and mental health of staff is integral to promoting and protecting the health of students and helps foster their academic success. The district's Employee Wellness Program will promote health, reduce risky behaviors of employees and identify and correct conditions in the workplace that can compromise the health of staff, reduce their levels of productivity, impede student success and contribute to escalating health-related costs such as absenteeism.

The district will collaborate with community partners to identify programs, services and/or resources to compliment and enrich employee wellness endeavors.

The district's Employee Wellness Program may include the following:

1. Health education and health promoting activities that focus on skill development and lifestyle behavior that change along with awareness building, information dissemination, access to facilities, and are preferably tailored to employees' needs and interests;
2. Safe, supportive social and physical environments including organizational expectations about healthy behavior, and implementation of policy that promotes health and safety and reduces the risk of disease;
3. Linkage to related programs such as employee assistance programs, emergency care and programs that help employees balance work life and family life;
4. Education and resources to help employees make decisions about health care; and
5. Nutrition and fitness educational opportunities that may include but are not limited to, the distribution of educational and informational materials, and the arrangement of presentations and workshops that focus on healthy lifestyles, health assessments, fitness activities and other appropriate nutrition and physical activity related topics.

The district encourages participation from all employees. "Employees" are not limited to instructional staff (i.e., teachers and instructional assistants), but includes all administrators and support staff.

The following groups are seen as essential for establishing, implementing and sustaining an effective employee wellness program:

1. School personnel who implement existing wellness programs in the district (i.e., employee wellness committee);
2. District personnel who implement health programs for students (e.g., school health coordinator, school nurses, psychologist, health and physical educators, nutrition professionals, counselors and other staff); and
3. Decision makers who have the authority to approve policy and provide administrative support essential for a school wellness program (e.g., Board members, superintendents, human resource administrators, fiscal services administrators and principals).

DEFINITIONS

1. “Competitive food” means all food and beverages other than meals reimbursed under programs authorized by the Richard B. Russell National School Lunch Act and the Child Nutrition Act available for sale to students on the school campus during the school day.
2. “Food and beverage marketing” is defined as advertising and other promotion in schools. Food and beverage marketing often includes an oral, written or graphic statement made for the purpose of promoting the sale of a food or beverage product made by the producer, manufacturer, seller or any other entity with a commercial interest in the product.
3. “Oregon Smart Snacks Standards” means the State’s minimum nutrition standards for competitive foods and beverages (ORS 336.423).
4. “School day” means, for the purpose of competitive food standards implementation, the period from the midnight before, to 30 minutes after the end of the official school day, i.e., at the conclusion of afternoon student activities, such as athletic, music or drama practices, clubs, academic support and enrichment activities.
5. “School campus” means, for the purpose of competitive food standards implementation, all areas of property under the jurisdiction of the school that are accessible to students during the school day.
