# Design Committee Team (Provide Ideas and Input)

The Design Committee Team is tasked with providing input on the conceptual plans for each of the proposed projects, High School, and Auxiliary Gymnasium.

- BRIC will lead the Design Committee Team meetings.
- The School District selected members for the team. Members consist of community members, teachers and staff, and student representatives. The Design Committee Team will also include members of the Steering Committee.

## Roles and Responsibilities:

- Not a decision-making body.
- Refine the conceptual plans into a final schematic design that aligns with the established project scope, schedule, budget, and current existing conditions.
- Provide ongoing feedback throughout the design.

## Meeting Schedule:

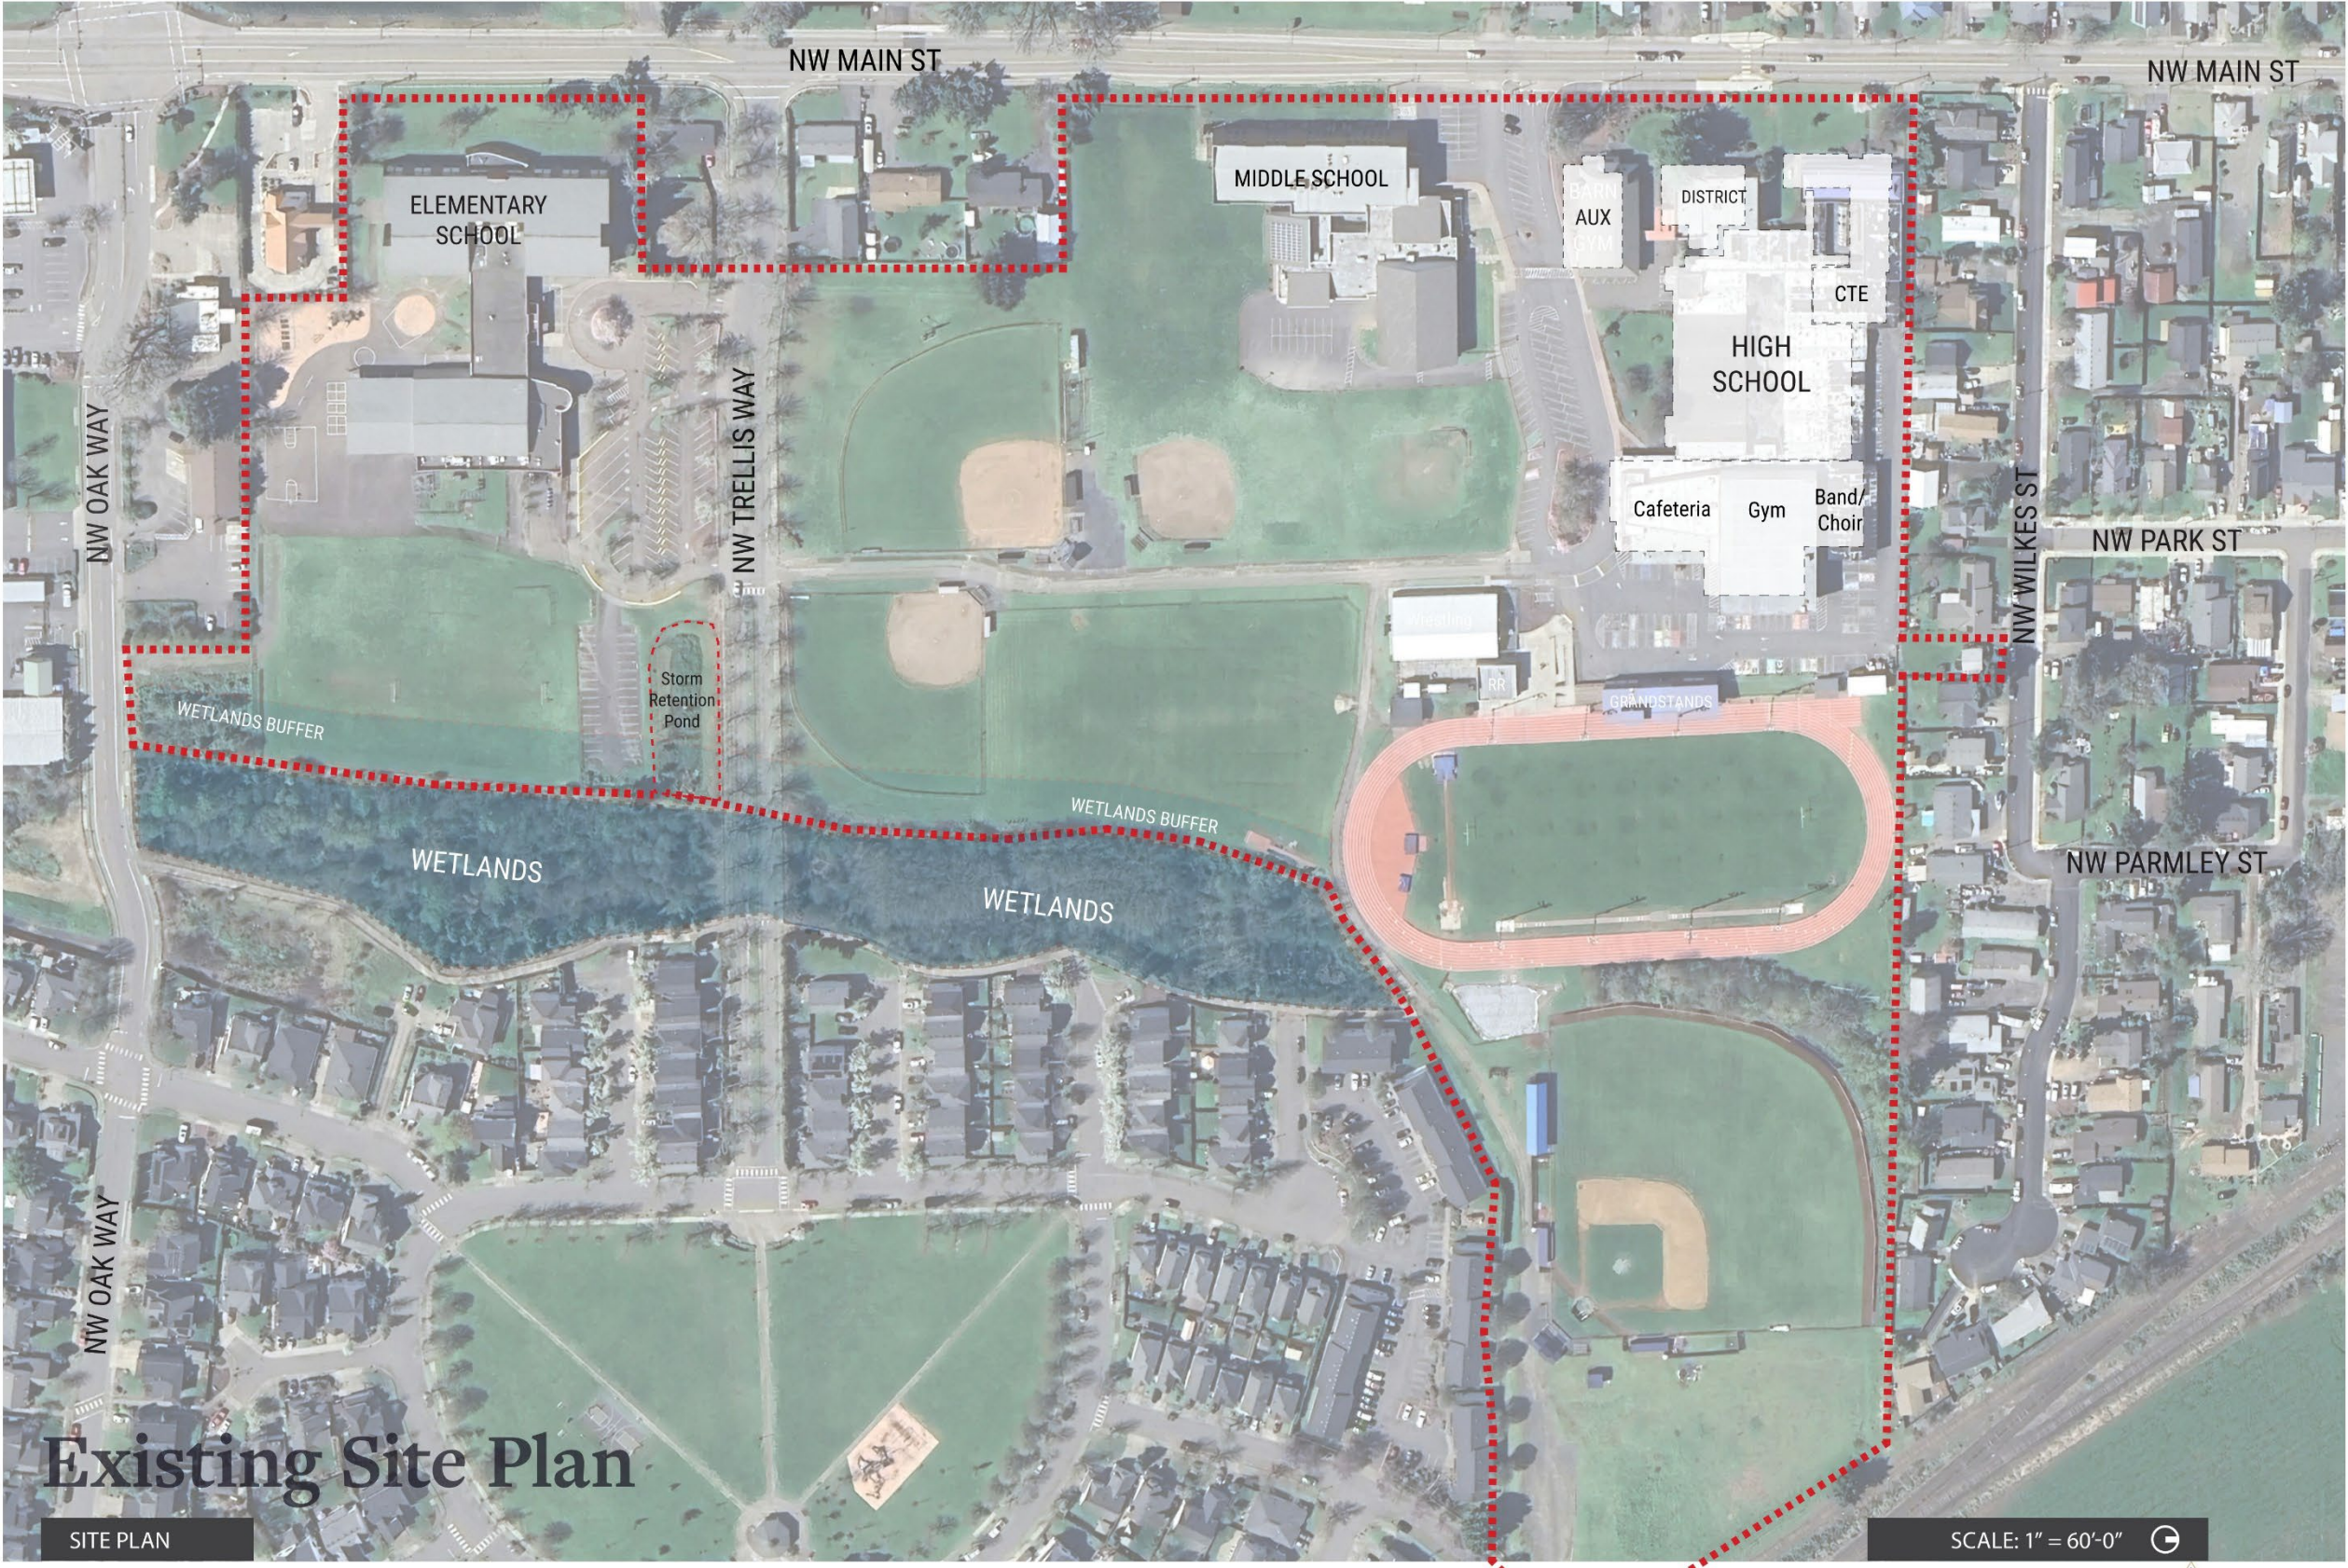

The Design Committee Team will meet up to 5 times during the schematic design phase of the project to provide input on the final schematic designs and as needed throughout the design process.
